Mr Still / PE Teacher at BCA:

Hello 7BSS,

My name is Mr Still. I have been teaching at Bridgwater College Academy for five years and should all go to plan I will be your tutor for the next five years☺. I really enjoy working at BCA because there is a strong sense of community between all of the students and staff. This means there is a place for everyone in school and everyone is valued.

I teach PE because I really enjoy playing sport and I want people to understand how sport can benefit people. Firstly, it helps maintain good physical health and fitness. Secondly, you learn and develop important values such as teamwork, resilience and respect. The third reason I teach PE is because sport can create an environment where you develop new friends and improve social skills such as communication. Finally, I am passionate about teaching GCSE level PE and I enjoy helping students learn about theoretical concepts in PE.

At the beginning of the day, you will find me in our tutor room. At other times, you can find me in the PE department office. Otherwise, I will be teaching over near the sport centre.

When I am not, at school, I enjoy playing and watching sports – I particularly enjoy watching Liverpool FC. I love Italian food – pizza, lasagne, pasta are some of my favourite foods. Another fact about me is that I am from Australia and have been living in the UK for the past 10 years. I currently have a 2-year-old daughter and am expecting a new baby boy any day now (by the time you read this he may have even been born).

I am excited to meet all of you in our new tutor group and get to know each of you. I like meeting new people and finding out what things we might have in common. I also like learning about different cultures, hobbies and interests so I am keen to get to know you all better.

Mr Still
