Miss Lawrence/ Cover Supervisor:

Hello 7DLL,

I have worked at BCA for 9 years now in both the Nursery, Primary and Secondary school.

I love working here as I get to cover all lessons so get to teach many different and interesting subjects!

My favourite subject is English (do not tell the other departments) although they are all very interesting!

As I cover all subjects I can be here, there and everywhere but I am mainly based in the English office in the A block if you need to find me.

I love writing stories, as I love creative writing. I also have a very lively puppy who enjoys being out on long walks and chasing anything she sees!

I love watching marathons of Netflix and just enjoy having my lazy days!

I love all types of music and do not really have a favourite; I think it all depends on what mood I am in.

My favourite food is Mexican so I am making the most of Taco Bell!

I am excited about meeting everyone in September and am looking forward to us being the best tutor group we can be, supporting one another and looking out for one another!
