Mrs Charnock 7SC tutor and Head of English

Hello 7SC!

My name is Mrs Charnock and I have taught at BCA for three years. I lead the English department in Secondary, which is amazing as I get to teach a subject I love. I am a true Gryffindor but in secret, my favourite colour is green…

I normally live in the AG office or AG3 – they are opposite each other so it should not be too hard to find.

My hobbies revolve around my family. I have a very sassy golden Labrador who loves walking, swimming and rolling in all sorts of disgusting things. I really enjoy watching films, TV shows and reading. My favourite genres are Sci-fi, fantasy and crime.

I would not say I am particularly interested in sports as such but I feel I have to support Liverpool football club (not because I really like them but my partner does so I feel like I should). However, I have enjoyed learning about the rules in rugby from when I cheered on my last year 11 tutor group.

I have an eclectic taste in music that spans from the musical *Hamilton* to Eminem! My playlists are always super random and I normally choose the songs you can sing loudly to. The songs I choose normally reflect what mood I am in.

My favourite foods tend to be things that are golden brown! You may also see me with a large coffee cup, depending on if my daughter has slept through the night. I love trying new foods and I am good at baking but do not like the washing up.

I am very excited to meet you, as I have not had a year 7 tutor group for eight years! I have high expectations and am a little bit competitive so I want our tutor group to be the best role models and BCA representatives at all times.
