Mr. Pierson Maths Teacher

Hi, my name is Mr.Pierson I am a maths teacher. This is my first year at Bridgwater College Academy. I love the Bridgwater college Academy's culture, which is one of the main reasons that I joined. The 3 Rs (Respect, Resilience, and Responsibility) are going to be very important in your time at BCA and be able to show this inside and outside of school.

I teach Mathematics and learned to teach mathematics as it is something that you will need every day whether it is just as simple as making sure you have been given the right amount of change. I really enjoyed the debate that maths can have as even though their maybe one answer there can be multiple ways to this answer.

I will greet you every day at 8:20 to start your day and will be available around the school if you need me and most probably be in the maths office if you cannot find me.

In my spare time, I like to play football and badminton. I support Southampton F.C (I know not a great team to support). I like all types off films and used to work at a cinema. My favourite food is cheeseburger.

I am excited about being with you for the start of your new journey at this amazing school and I hope you cannot wait for September too!
